

## Samsung LN52B530

From its elegant piano black finish to its SRS TruSurround HD audio system it's obvious the **Samsung LN52B530** is no ordinary HDTV. It's got three HDMI v1.3 ports, enough for both a Blu-ray disc player and a gaming console with one left over. It's also got both composite and component video inputs but it's what it does with the input that seals the deal.

### Display
