Features

Pure Elegance

A beautifully sculpted design features a Touch of Color finish that appears to be a rich black in ambient light, and reveals a charcoal gray gradation in brighter light. A crystal-like acrylic neck and translucent base add to the luxurious feel.

LED Backlight and Ultra-Thin Profile

The PX2370 features a bright LED backlight that allows us to achieve a graceful form factor of just 16.5mm thin.

100% sRGB Color Reproduction

See color the way it was meant to be seen. The PX2370 reproduces 100% sRGB color, to match color from the original source.

Mega Dynamic Contrast Ratio

A mega dynamic contrast ratio of 5,000,000:1 produces more detail than ever, with more information in the whites and blacks, and more subtle transitions from shadow to light.

Sharp, High-Resolution Images

Response times of 2ms (G2G) and 1920 x 1080 full HD resolution with HDMI connectivity yield the ultimate images.
