

Samsung UN32B6000

The brilliant Samsung LED TV experience starts with the UN32B6000. Its incredible mega contrast provides blacker blacks and whiter whites along with enriched color expression. Its ultra-slim 1.2" depth is our slimmest HDTV yet, and that includes the tuner! Our exclusive Touch of Color™ design complements any room, and InfoLink™ puts up to date information right at your fingertips. Best yet, Samsung LED TVs use 40% less power than conventional LCDs.
