

Samsung PN58B650

The PN58B650 plasma TV is a combination of SAMSUNG's innovative technology and brilliant design. New e-panel technology eliminates glare and creates action scenes that are realistic. Crystal Full HD Engine enhances the picture with clear images and Medi@2.0 delivers customizable online content. It's also tastefully accented with Touch of Color™ design—in the bezel and now in the stand. More than anything, this SAMSUNG plasma TV is something you'll enjoy for years to come.
