

## Sharp LC-32DV24U

The LC-32DV24U 32" 720p LCD TV from Sharp is a slim, stylish display with a side loading progressive DVD player ideal for areas with limited space. This 32" display features 720p resolution with a high-brightness, high contrast screen that can be viewed at wide viewing angles even in rooms with ambient light. The HDMI inputs allows for single-cable pure digital connections with your other HD components. The integrated ATSC/QAM tuner receives HD content from digital terrestrial and cable broadcasts. The LC-32DV24U also doubles as a 32" computer monitor with the VGA input.
