## **Sharp's Description**

The AQUOS® Limited Edition Series sets a new standard for large-screen flat-panel LCD-TVs. With Full HD 1080p resolution, dramatically enhanced black level and an elegant new ultra-thin design, the LC-52XS1U-S produces a breathtaking picture quality that is second to none. The Limited Edition Series utilizes the next generation of Sharp's proprietary 10-bit Advanced Super View/Black TFT Panel with a Dynamic Contrast Ratio in excess of 1,000,000:1 along with an ultra-high performance RGB-LED backlight for very deep black levels and an unprecedented 150% color gamut. In addition, the Limited Edition Series includes the groundbreaking AQUOS Net feature for custom Web-based content through an Ethernet jack, as well as 120Hz Fine Motion Enhanced for the ultimate in fast-motion image processing. All models are HDTVs with a separate AVC system with built-in ATSC/QAM/NTSC tuners and include 5 HDMI™ inputs and 2 HD 1080p component video inputs as well as RS-232C for control. The Limited Edition Series features a stunning silver cabinet with detachable speakers. The AVC system connects to the monitor with an included HDMI™ cable.
