Sharp's Description

The Sharp PN-525UP offers the same high performance, image quality and resolution as the Sharp PN-525U, with the addition of an integrated protective acrylic overlay. With full 2-megapixel 1920 x 1080 HD resolution and compatibility for use in both "portrait" and "landscape" applications, the 52" screen size class PN-525UP is perfect for high traffic information display and digital signage applications.
