

Sony Bravia 37" LCD TV KDL-37M4000

The simple and elegant KDL-37M4000 HDTV brings with it BRAVIA Theatre Sync (HDMI-CEC) for easy, one-touch management of compatible Sony products, ACE contrast enhancement for better shadow detail, and BRAVIA engine 2 for crystal clear picture quality. And with two HDMI inputs, an additional two component inputs, as well as a PC input you now have up to five different ways to make sure you see HD-level picture quality on the screen. Surrounding all this technology is the sleek, sophisticated design that has been a hallmark of the M-series and Sony televisions.

Specifications
